Jeffrey, I am sorry it did not work out. Unbeknownst to me over the last 2-3 years there has been a proliferation of Naked shorting of micro crap stocks in Spain and Germany. This is illegal as hell. And if a company is bleeding, it's a no brainer to short it to oblivion from 3 to 2 to 1 to pennies. Then they have to hyper dilute when they raise money. I got stuck in that. I also got a little over zealous with the options, remember we were + 22% the 1st few months. I was also very hurt at the way you treated me, yelling and screaming at me. You dint have to rub my nose in the dirt. I lost a lot of money in these als0
