I suddenly have a problem with my ticket for Davos.

It turns out that a ticket that I am always getting through YGL community is going to Melanie – as I got her to become YGL, there are now two of us from Foundation – as only one can go and she has never been – this ticket will go to her.

As it is very late in the circle, it will take me some fight to get another one.
I was planning leaving on January 23rd being there for a week and after that going to London with Bill on 29th.

Please respond to Marina re her inquiry re Davos place for you.

B
