Good evening Mr. Epstein,

Igala has not yet removed and replaced the two trees close to the pool because the soil is presently still too saturated. The new palms in this condition would run the risk of the soil not having good drainage and the roots eventually rotting due to poor water drainage conditions. He planned to change them out next week, 11/14.

Respectfully,

Daphne

the trees close to the pool need to be changed.. they have not .. blue beach photos show no work on norht end, i want the norht end graded to look like the south side. let peter do it. I have not seen the librabry rip rap finished. .. I have not seen cabana 4 inside. , or the flagpole cbana walls filled and painted.. I see they took out the gravel path , but have not graded it back and hydroseeded it.. it lookks a mess. I would like a call tomorrow at 830 your time tome brice , bill adams igala on the phone thanks
