Originally I was to get more Red Crown of Thorns and Red Jatropha plants to replace what was lost from the white fly infestation, and the spoiled Malathion.

This was in early October, then I was  
Told by Gary Kerney mid October to cancel the replacement order.

In a meeting at the Big table with Myself, Brice, Gary Kerney and You (J.E.) in Late  
October, during your visit just before Gary Kearney left at the end of October,  
We discussed:

- Getting more palms  
For= Library, Main Pool, Hillside,  
And BlueBeach
- Sod Grass  
For= The Main Compound Pool
- Flowers  
For= "Red Thorn" replacements  
Also for the main compound  
Flower beds
- Yellow Ginger Thomas Flowers  
For= The eastern side of the  
Mound by The Flag Pole  
Pool.

\*\* During that same visit you told me to  
"Fill in" the empty spot by the Master Bedroom facing the Library, and

Plant more jasmine by the master bedroom stairs, and a few Gardenias.

This Invoice Represents All the plant material for the Red border road, the main compound planters and pots, and the master bedroom, aswell as the peatmoss we need for Pops Garden project and the citrus fertilizer for the fruit trees.

\* Please note this does not show the transport fees from Tropical shipping, Based on the specifications of this invoice, I will get a quoted invoice for the refridgerated containers from Tropical shipping.
