Thank you, my dear, for all that you gave me and did for me. I am very grateful. I am very sorry that I could not was for you to be what you wanted to see me. But I really tried. Only recently have I understood exactly how it should be, but did not manage to implement all plans. You do not have enough patience for me, and I have not had enough attention. I hope you can be more lenient to me. You also need to learn patience, because when you will have kids, they need more patience! I lost sight of my comfort and showed my the bad side.

that you dont thought of me is even worse - a vibrator, I borrowed from [REDACTED] where she had it you can ask her yourself.

I would like to do something nice for you, except that you can take any other girl. I would like to learn this from [REDACTED] But I do not even know it when I see you again and see whether further.

Even in this short time I knew a lot and gained little experience. Thank you. I am very hurt to remember your eyes the last time. I am very uncomfortable to realize that I am make you so very upset.

I madly want to touch you right now.

I kept her word with the second meeting with you and not allow anyone to be closer to me than you. I am therefore even more difficult, because I'm already very attached to you. Despite the fact that you're always traveling. I would like to be around. Your energy gives me strength.

Your passion ignites me.

I hope you good there.
Thank you
Good luck.
