Hello Jeffrey,

I spoke with Kris Fuchs earlier today about your properties management situation/needs. I have been doing property management for over 26 years overseeing maintenance, renovations, house managers and staffing. I think It would be helpful If you are available this week or next for a meeting in NYC.

Hello Jeffrey,

I'm sure Eva mentioned who I was.

I'm cc'ing Maurico. I've know him over 20 years. He was my house manager years ago and then started his own company overseeing house managers & domestic staffing. He has a great "Rolodex" of people I think he may be able to help. He also works with many high profile families like yourself.

I'll let you two go from here.

Ps. Btw we share David Mitchell, I had dinner with him last night.
