Dear Jeffrey,

We are out of funds again; to cover rent, supplemental health insurance etc. from now until the end of the year, we will need about 25000 USD. Can you help, please?

Unrelated: I am curious what you thought about Lawrence Krauss' book (A Universe From Nothing)? (I think am a bit skeptic, regardless of his great contributions to physics.)

As always, thank you for letting me into your fascinating conversations. Bests,

Joscha
