Adam,

Sorry but I have worked with a good bit of cargo and haven't ran into your situation. When you received the boat from the carrier last time was it in a container? I am using the same carrier and I did not get a quote based on a container or any equipment being used. I can go back to them for clarification purposes.

Hello Jamaris,

The problem is not in delivering the boat to Gdynia, just in loading it on the container.

We would highly prefer the container coming to us, and we would load the boat on the container in our company.

Then all together it would go to the port where would wait for its route.

Otherwise we need to reload such cargo in the port and this is difficult for us. Please let me know the container details - no. and date when it could be collected from port in Gdynia, then we would organize the shipping of empty container to our premises where we would load the boat.

Best regards  
Adam

Hello Adam,

We do not have a forwarder in Gdynia that is why we quoted it from the port of Gdynia. You will have to hire a trucking company to deliver the boat on the trailer to the port. If you don't have anyone in mind you may want to reach out to the company I listed earlier.

Hello Jamaris,

In Poland we are unable to drive  
this trailer (as it is not adjusted  
to Polish road law (no breaks,  
etc.).

Therefore the boat with trailer  
must be transported on a truck.  
You can send me the name of  
your forwarder then I can discuss  
with  
them the additional route form  
Sportis to port Gdynia.

Best regards  
Adam

Hello Adam,

This was quoted based on

the boat being on its own trailer. There wouldn't be an additional piece of equipment as the boat is towed onboard the vessel. Also this is a port to port move so if you are unable to deliver the boat then I will have to get a new quote back to Daphne. Please advise.

Hello Jamaris,

Please change the sailing date to 7th September then.

We are not able to deliver the boat tomorrow.

Please also arrange that the flat rack container will collect the boat from our premises:

Sportis S.A.  
Na Dambnik 22  
84-207 Bojano

Otherwise we need to deliver the boat to the port, and there make the reloading what would be extremely difficult with such untypical cargo. Starting from Monday 31st August the boat is ready for collection. If you need my assist please let me know.

Thank you  
Adam

Hello Adam and  
Daphne,

The booking number  
is RIC97606.

As I suspected the cut off the carrier provided before was the same

day as the sailing and was incorrect. The cut off is 2 working days prior to sailing. If you cannot make the sailing then the service is a weekly service putting the next estimated sailing date as September 7th.

I also checked to see if there are any export formalities that need to be completed. The carrier stated that Adam should complete this. I was able to find a company in Gdynia that should be able to advise you if a clearance is needed and what all would need to be done. Below is the agent's information.
