Good day boss

I got both locations back online.

5 palms:

I Locked the iMac to Terrence's new Lsj wifi and eliminated the old wifi.

Flag pole pool the fiber cable is brittle(the cable has 6 strands). We loss 2 of the 6 repaired stands last night. I moved the lasers to the next to available pair to bring flag pole pool back online. I can't guarantee how long it will last but as of now it looks stable. Anna has stated there will be window of time to which we can replace the fiber.

Regards
Jruan
