Great,
Flight time 2+15min
Flight to MIA departs STT at 5:30pm

Wheels up anytime before noon?
Whatever works best for you?

Thx
Larry

Generator, AC and Bow thruster are installed and works Great, especially the AC blows cold!
Nick's Marine is installing rubber engine mounts for generator since it's located underneath driving station for smooth operation,, some mounting parts for Gen were missing so Nick's shop fabricated,, we will have completed by Friday and boat will be towed to Zed's Fiberglass repair for rear deck work to commence.,same location by PBI airport you originally view the Nautica.

Nick's marine informs Zed is a master Fiberglass shop, he's worth the wait since he always goes beyond his time estimate.,finish product should be perfect

Thx
Larry
