Staging material, rocks and dirt at the log cabin have scheduled for today and tomorrow  
I intended to hold off on any other work at that location until after [REDACTED] visit 14th Sept

We have been stock piling dirt for back fill and grade MH, unfortunately the track hoe broke down  
It has been returned, company was unable to locate part.  
Another unit has been found from another company, we are waiting for confirmation on delivery date, Monday or  
Tuesday next week.

In the mean time the access road behind the MH to proposed new site needed work and a slight change of layout  
so dump truck was not continually driving over Spetic Tanks located to the South East of Mechanical  
Building.

The storm water pipping from the MH that goes under this road also need work, this work has been completed.

I will send Photos Friday of progress

regards Brice
