Hi Rich, I have an update this morning from Moshe. He just finished an appointment meeting Mr. Wexler and Leon Black. He thought the meeting went well and he seems to have a solid interest in the role. Just to keep you in the loop, earlier in the week, Moshe mentioned another family office showing an interest in him as well as a super high paying consulting gig, I just like to keep you informed, as candidates of his qualifications tend to have some options and tend to get scooped up pretty fast in the market place, I know Jeffrey has been amazing and instrumental in facilitating the process. which is so appreciated. It is hard to say what candidates are going to do, but I like the fact that he plans on sending you and Jeffery a thank you letter for the opportunity, Regarding the other prospects that he might have , it would be appreciated if we can get some feedback from Mr. Black, as if he is a consideration, I like to minimize any chance of losing him without at least knowing if he is in consideration. (absolutely no pressure at all, my relationship with your office is what is most important to me) it is just prudent on my part to try and gather information as it is an important part of recruiting talent (especially recruited candidates, which are the most sought after). I'm sure it is something that Moshe is very interested in and would have to be something on the very top of his list. Fingers crossed that it went well, any feedback that you receive either way would be helpful. Thanks Rich, for your help and of course thank Jeffery and Leslie for me. You have an amazing staff.

All the best,

Russell Katulak
