Dear Mr. Epstein,

We would like to wish you a very happy and healthy New Year.

Matthew has been doing very well with his chemotherapy. He had his final treatment last week, and we are going to start a course of immunotherapy at the beginning of January. We are very hopeful that we can do this for about a month at Sloan Kettering and continue the treatment in Florida.

We cannot begin to thank you for allowing us to stay in your apartment for all these months. It has truly been a God-send. We've needed to go to the hospital everyday and it has been amazing to only walk one block, especially when we've gone to Urgent Care late at night. This convenience and comfort has made an awful experience a lot more pleasant.

I hope that it won't be an imposition if we could stay through the month of January. If this doesn't work for you, please be in touch and we can make other arrangements.

We will forever be grateful for your kindness and generosity.

Happy Holidays.

Best wishes,

Matthew and Roberta Lehrman
