Hi Alan,

I can confirm that i have valid schengen visa will expire march 2016.

Regarding the chosen place of repatriation,If Florida is on the contract, it was convenient only for the as a contact address for the yacht and for emergencies and was not ment as a permanent place of residence. Manila ,Philippines has always been my main home base.Previous vacation flights were always in the philippines an on vacation i have always returned there.

The Miramar addresses of my relatives was fir the convenience of the yacht as mailing address and contact for any medical emergency.
