Hey Bossman,

I went to harass Mr. Thomas for a bit in the Library and he explained to me...

Picture 1:

Phase (1) Prepped and ready to be worked on.

Phase (2) Differentiate the Mat, Sheens and Color accents.

Phase (3) Waxed for Mat and Sheen to be completed.

Picture 2:

Columns have not been touched as yet. He's working on making all the columns look like picture 1 before he can work on phase 2.

I asked Mr. Thomas if the photos I just took are accurate and he said yes.
