Rich,

BWI Auto Transport (941-387-4492) is the carrier who will be picking up the Bentley from Jojo. The driver is making a delivery now but will be calling Jojo within the hour to coordinate a time for pick up.

I will let you know about the credit request as soon as I am able to sit down with my Manager to discuss. She will be out of the office for the next four days starting tomorrow, so I am trying to get with her today if at all possible. I will let you know as soon as I have.
