As we have our strategic board the 13th of Jan and Christophe asked me to get his year end review before it, i will see him latest the 9th . It should then be ratified by the board the 13th. I will be " interim ceo" supported by a " strategic committee from the board " . Still working the details next week with the external auditor before he discusses it with the regulator.

B is in a limbo and clueless.

I m in Paris .Could we speak this w-end ?
