**Subject:** Wilson Maxx speakers LSJ

Jeffrey,

I spoke to Elliott at Audio Advisors and made \$30k offer on the speakers,.  
Elliott spoke with Jeff the owner of Audio Advisors,. Their counter offer is \$32,500.00 to include custom Wood  
crate shipping boxes to assure safe delivery to STT, including delivery to Tropical shipping,. **Each speaker is  
420 lbs.** (with crates, approx. 600lbs each).  
IF Daphne can provide export docs with Tropical, we can avoid Tax as well.

if you agree,. move the Macintosh Left and Rights currently installed to the Mid surround positions,. and install  
the Monster Wilson MAXX in front / Left and right positions?

do you approve of this purchase?

thank you,  
Larry

---

from Elliott:

Hi Larry,

First thank you for the offer however we need to get the crates to  
ship the speakers and they will cost us around 2000.00

I checked with Jeff and

the bottom line is the \$32,500.00 I told you. I was expecting a wire anyway  
:)

Sales tax is avoidable if we have export documentation from Tropical and  
they pick the speakers up here once they are packed for shipment.

I am in the

office if you have any questions or comments,

Thanks,

Elliott

Elliot
