Hi Jeffrey now I realize why you were not able to come up the end of January so that you and I could celebrate our January birthdays together. I just wish that the news media would get over themselves and quit hashing over the same old stuff. What they think is new news was cleared up over three years ago it's just unbelievable that the news media can't find something different to sell their magazines and newspapers. I so much hope things are going to be better for you in this year always know you mean a lot to me and I have 100% faith that you will be found innocent again anything that I can do please don't hesitate to call me, text me, write or even have Larry fly you up to just get done quiet time for yourself. Please "No" you have a friend forever.
