Thx; btw, your recollection of the 33mm going into the 97 trust for the phaidon acquisition is correct. Source of funds was BFP on 10/3/12 not 2006 trust. We are adding to diagram but wanted to tell you this fact as you think abt future structure. B

Since there is an ein # I heard that you were likely Ok with the partnership filing which means each of leon and RL contributing \$1.25mm to the pshp for use tax. Nothing shown on individual returns. You should close the loop with RJ when you have time. Envious of you in paris!

Jeffrey,

Attached please find a number of different documents:

1. The corporate structure Phaidon, the trusts and the acquisition entities, all with attendant money movement. It should look hauntingly familiar. I still consider it a draft but I believe it is in pretty good shape.
2. What Phaidon looks like now, after the insertion of Phaidon Global, Art Space and the Regan entities. We also show the money that was put into the various entities post the Phaidon acquisition (although the \$3.2 million dollars that went in to 2013 to buy preferred shares is shown on the previous chart).
3. Phaidon governance structure showing trustees, beneficiaries and managers.

What I believe are the next steps are as follows:

1. We schedule a conference call for you, me and the team here to answer your preliminary questions and to go forward to identify on additional items you need nailed down. (These charts will be very hard to follow without a verbal walk-thru).
2. Independent of that we are investigating exactly where we have (and don't have) paper

and confirming that people with appropriate authority authorized corporate activities and fund transfers.

Thanks a lot and speak to you.

Best, Brad
