Hi. I have pneumonia. Delightful.

I am working on this little project. Can you please tell me, via email, what you various points of nexus at harvard are and have been in the past? I know you provided the \$ for the Hillel bldg and that you're close with Summers, but don't you also conduct science conferences (for which you also provide financing) etc? It would help a great deal to understand everything you have done in the past and all that is ongoing. Thanks.
