Hi Jeffrey,

I haven't heard from you. I hope you are alright? I really want to move forward. Please get back to me.

I still hope to review the progress of all foundation projects as well as scouting out new ones that interest you. Hopefully MIT Media Lab will work with me too-- I have a good rapport with Seth Lloyd, Martin Nowak, Ben Goertzel etc. If I can't be useful to your foundation full time, then I will apply in June to Craig Venter's Human Longevity Institute, Genesicent Corp and a host of others-- to do their media and content.

looking forward to speaking/meeting with you.
