Please see below from Liz Hobson and advise:

Lesley -

Heard back from an artist who I think can do the job. He had a few questions:
In the "Inspiration" photo Jeffrey sent over there are various architectural elements. Did he want something like that along with the painting? If so, will Jeffrey be having those elements built onto the wall, or was he thinking they would be painted (trompe l'oeil) around the mural?

working from my apartment a bit today. hope to be back at my desk tomorrow.

Liz
