Jeffrey Epstein has suggested to me that you all try to play hard ball with Gary and get a settlement of 600,000 and call it a day. I do think Jeffrey would help us achieve this as Gary is afraid of Jeffrey.

Jeffrey feels, if you can convince Gary that we are going to raise the stakes or turn up the aggression...and it would be quicker just to send me the \$600,000, we will go away.

Is this a plan anyone can implement and achieve? Is this at all attainable?
