How did you wish to answer Simon Ghraichy re his front teeth? He says he doesn't even notice anymore but if you think he should for his image he will. Below from Simon:

I don't even notice it anymore and people around me this of it as a sign of "identity" (like a scar on the cheek or whatever ....).

But if he thinks it should be better fixed for my image and career, then... who knows!

Please thank him deeply on my behalf!
