Jeffrey

I assume from our previous conversation that I should continue here at the FO through the end of the year. If my assumption is wrong, let me know. No worries either way.

Besides the art partnership and Avioneta, one (of the many) issues include tax preparation going forward. I know Rich has proposed in-house preparation to then be reviewed (and signed) by Tom. Not sure your thoughts on this.

If I am to be here through the end of the year I would just like clarity/confirmation on whom I providing services to - i.e. who I will bill.

Best
