Subject: Your Call

Hi Mark -

Got your message but came down with a horrible cold yesterday so home today trying to get better.

I am happy to speak with your brother's friend - next week would be better since I have a conference in the coming days.

Best if they can call me next week between 10-1 at [REDACTED]. Good to have an e-mail with some of their background and questions so I can give it some thought.

All the best,

Frank
