Followed up with Olivia again in Dr. Kruger's office...Yvonne is still out and apparently the only one who is authorized to send your results to a doctor...Olivia said she has left messages for Dr. Busse as well, but still can't get them to fax over your results. Dr. Kruger is in the office (he was with a patient when I called) If you wanted to speak with Dr. Kruger anyway, let me know and I can ask him to call you.
