Cutting and pasting aii the =ransactions is going to be a yeoman project, in all my accounts since I =ctively trade in order to scrape a living to support 2 wives 3 kids and = residences. To cut to the chase. I will give Jeffrey the 5 =tocks and he can see the performance of the issues. The 5 are in the =owerpoint but in essence , I have 20 names. But the names are. =nbsp;The optical Tech name is Oclaro. OCLR. The 5bn transport is YRCW. =nbsp;The alt energy co. Is PEIX. Pacific Ethanol. The asset based =arine co is DHT Tankers. DHT. The microcap CLOUD co is RMKR. The =ew 1bn metal bender is LIWA. You can chart these companies and =ee for yourself instead of beating around the bush DHT, YRCW, =IWA,OCLR, PEIX, RMKR. There you have it. =br>
