One or two other cosmetic points which I missed on the first go round, on p=ge 2 of the 8949, he describes one sale of art as "amended" - Th= Leger piece but he does not include that description for the other piece - the Braque piece. We should be consistent=- and again there is the issue of the font.

Also, while I checked the math on page 1, I think we should manually check =he tax calculation once again.

I edited the format a bit. I am=re-checking the credit adjustments. Tom will need to change the font on pa=e 1
