So, I went to my birthday breakfast at the Carlyle this morning and

here's The MANIFESTO:

- To close the year One Million dollars richer, \$1,144,092 to be precise....

I love you and you love me after fifteen years can we get down to some real business ventures..?

- To have a Baby at least be pregnant...

Does some of your 47 year old sperm want to mix with one of my 36 year old eggs?? Let me know!

R u interested??

Lol. xx
