A small report:

The most amazing party I have ever been to! Danced till 4am!

Sadly, all the boys (all of them VERY hot) were on drugs - Stavros was dancing with us and then started streaping and shaking as if he was in trance! His friends had to take him away! His other rich hot friend came over to the guy I was talking to and asked what he had taken!!!

One of the boys I was dancing with seemed cool until he fell down.

But eventually found a very nice one - Charles de Viel Castel (he appears to be friends with Catherine Keating), he was very nice and polite! stayed with us almost till the end (Margo really wanted to meet PC). Will see him for a coffee next week.

Reconnected with [REDACTED] - she could be a good source. Margo's girlfriend is very nice, will take them both to the gym tomorrow. She has been friends with Stavros for 10 years and said he had always been like this((

Going to sleep) kisssssss
