Jeffrey,

Please confirm that you made a purchase from Amazon On December 2nd in the amount of \$905.44 (\$79.99, \$401.21 and \$424.24). The charge is on your Amex and items like flashlights, headphones, speakers were received at 9 East from Amazon. I contacted [REDACTED], Karyna, Sue, Lesley, Rich Barnett, Rich Kahn and nobody recognized purchase.

Also, would like to let you know that yesterday I cancelled your Visa card as a result of fraud. It was an unrecognized charge from Netflix on December 1st (the card was used only for your personal items by Lesley and I). When I called Customer service I was told that i am not authorized on the account anymore and there is a different authorized user , but they have no rights to disclose the name unless I call it. I named everybody i know from current and past... no match.

Thank you,
Bella
