Below from Ed Boyden....doesn't appear he has a ton of free time! Perhaps he could do Aug. 16-18? or Aug. 26/27 (but you are to depart the ranch on the 27th for PB)

Sounds like fun. 8/10 I have a commitment in Boston, but I'm free on 8/11. Then I will be on the road for NSF/DARPA meetings 8/12-8/16, then free 8/17, then off to China for a week long conference 8/18-8/26. On either side of each free day, there is a bit of buffer time too (e.g., for travel).

Ed
