Richard,

After the pool has been replastered it has to be brushed for 7 day's and the water can not be heated for 14 days so the plastered can cure properly. I can not pull the job up far enough to ensure that it would be ready for there arrival on the 12/10. I am not sure when the principal is leaving the ranch but i can reschedule for the week of January the 13th if that works for you.

Thanks,

Jeremy Poper
