Hi All,

Just spoke with Christina about Jeffrey Epstein (.net and .com) and I think we should try and acquire both. I think we can bid \$500 and win the .net domain (they are asking \$850) and should put in an exploratory bid of \$1000 on the .com domain.

Christina asked me to facilitate this process and request the financing through you Rich. Christina suggested we add it to the deposit for the other work I will be starting.

Sincerely,

Tyler Shears
