Subject: update

Hi Jeffrey,

I have been doing the following=

- * added all the pre=s to 47 local business directories that you are in.
- * updated content on 9 websites (its very important to periodical=y do this for rankings).
- * creating a char= for Darren of NY local science and philanthropy forums
- * fixed technical issues for the NY website

I want to do the same for local forums as I did =or the business directories.

I will send the list to you and Darren asap for approval.
