The conversation would've been fun if one was able to hear them. I couldn't even chew my food because it drowned out their voices. I had to choose between eating or listening to them. I was interested in the topic and the conversation if I was able to hear it.

The food was not my sort of thing. The chocolate was like a brick. It should be moist and hot. The asparagus missed. Not a fatal criticism but one too many courses. It should be the asparagus or the scallop not the asparagus and the scallop. The halibut and the meat were acceptable.

More importantly as far as the help went I'm glad to see that u filled the Asian quota.
