Good to know. So the word is hoek, and not hook. At least it turns out to be Dutch. There are many hook names around here, including Kinderhook, which is why I assumed it had something to do with water.

On the Cage, the first half is Webern, Satie, Feldman (a limited chance piece) and one Cage---Cheap Imitation. The hall will be most likely poorly filled, since Cage is hardly Christmas fare, but it was the only time we could schedule it. He was a perverse but thoughtful man and I was touched when Merce Cunningham and Jasper Johns decided to locate the Cage archives to Bard. I am proud to give him and what has now become out of fashion modernism their due, against the current tide, in a temple of conservatism, Carnegie Hall still the best place to hear music in the city. And thanks for coming, and once again, give my best to Henry.

Red Hook has been part of the Town of Brooklyn since it was organized in the 1600s. [1] It is named for the red clay soil and the point of land projecting into the Upper New York Bay . The village was settled by Dutch colonists of New Amsterdam in 1636, and named Roode Hoek . In Dutch "Hoek" means "point" or "corner

Dear Jeffrey,

Thanks for lunch. Please give Henry my best. If you decide to step in to the concert on Thursday, let me know so I can get you a ticket. Given the program, it is likely to be poorly attended. If you do come, stop by backstage on your way out, even if you leave early or during intermission.

Thanks again. Have a nice holiday. I am looking forward to seeing you in January. I have my proverbial fingers crossed.

Thanks for the candor.

Cordially,

Leon
