I have booked [REDACTED] a ticket on the same flight as myself.

When I book=d my ticket they had a special on and the lowest fare ended up being a bus=ness class ticket for \$ 308 The special is no longer available s= the lowest fare is now the coach fare for \$ 435. So i have booked her thi= ticket.

I dont know if it is not nice to travel in business whe= she is in coach. But if I change my ticket to coach we will end up paying=more.

What would you prefer me to do?
