May be I should give her your number or email address and say that she should say "thank you" to you ?

I was texting her to meet for coffee a day before you left she said she had a casting than meeting but I can text her when in free but when I did she never answer back about almost 10 pm she said oh I'm sorry I just back home for quick change and going to the magazine event from her agency . And on Friday I had missed call from her than I called her back she didn't answer and in about two or three hours later she called back and said she was with dentist , they are still doing her tooth and didn't finish yet ... I don't know how bad it was that they still cannot finish it . But I completely agree that she should say thank you to you and I don't respect many things that she did this last days when I twice offered tickets for concert and Broadway show . I don't know Jeffrey I'm kind of disappointed with her ...
