I'm doing the save the date on paperless post. It gives you the option to have people RSVP right away from there and ask them additional questions, etc.. And you can see who has opened it and who hasn't. It's pretty good. A party would be great but I just don't know when we would have time to do it. Will be in Charlotte for my bday..he's racing that day.
Wed sounds good. We have a morning flight that day to Alabama, so sometime in the afternoon would work. I didn't realize I was meant to call yesterday. </iv>

what about a video email save the date, and the ability to instantly reply and then follow up. you and brian could video and ask, it could be individual or group, you would have a faster number saying yes no. 2. i guess you have decided no party? where will you be for your birthday,? 3, I will be back in ny wed, lets talk then, i assume you decided not to call yesterday ?
