Jim,  
Thank you for your message. I have asked my colleague Ismail Shafeeu to be the point person for you and to start discussions. He will provide information you need and bring in the discussion others from our team when needed. He also has the voter data and other information requested earlier.  
I appreciate very much your support. I am gaining support and other potential candidates are getting worried. They are starting to make life more difficult. It will be very necessary for you to visit Maldives as soon as your schedule will allow.  
Thank you and best regards.  
Waheed.

President Hassan:

We would be happy to review your current campaign operations as well as the overall organizational development of your campaign to date at which time we could then offer to you our advice on the continued development of a successful campaign strategy for you.

As Jeffrey indicated below, we would need to speak to someone from within your campaign who is familiar with the current level of overall campaign development and strategy to date. This would give us a good baseline understanding of what has been done to date as well as a better grasp as to how the election is unfolding at this time.

Once we know more about some of the current specifics of the campaign, we will be in a better position to discuss how we feel we could be of help to you and your campaign team.

We look forward to hearing from you and / or the designated members of your campaign team.

Thank you,

Jim McGee
