Subject: Re:

I see what you mean Jeffrey, but plastic surgery is not traumatologist... Doctor couldn't see if her brain is okay without special electronic scan machine, right?

Sorry for bothering.
Regards,
[REDACTED]

Jeffrey it is important, [REDACTED] need to explore the body from damage maybe by scan. She had hit her head so bad and could be a concussion. She also complained me about pain in her knee, it may be dislocated. Jeffrey please do not leave it so. This can have serious consequences.
