Dear Eva,

<=p>

First – I hope that you and your family are all OK.

It is so horrible hearing news what is going on in NYC.

I am thinking of you.

<=p>

I took a last flight last night.

<=p>

Not sure if Jeffrey left city!

Re cochlear implant issue – I ended up having extremely crazy day (at mtgs for the most of it) – Just catching up with most urgent issues.

<=p>

I will call tmr – although I am not sure if appropriate given what is going on in the city right now.

<=p>

We have 10 days to decide which implant to give. So it is not that urgent.

All what is needed is some input which implant to implant.

I will call anyone whom you think might help.

A surgery will be performed at UW – I double checked today. A surgeon, a day and the res is already selected. We are just seeking a second opinion re the type of the implant.

<=p>

Thank you

<=p>

B

<=p>

<=p>

Boris, are you planning to call the doctors or Bill or his father....?  
Maybe you want to speak to a few ENT specialists.....?  
I thought he needed surgery so I looked for the best surgeon.  
This type of issue can be handled by several people I think.  
How many opinions would you like?? I will reach out to as many as you want =

Dearest Eva

THANK YOU SO MUCH!!!!

So sorry that we did not meet this time. Nevertheless, once again I am hearing stories about you and a trail of broken hearts that you are leaving behind you ;)

Re cochlear implants=;

His dad has already a surgeon. A question is much simpler – he needs to decide which of three devices he wants

3 choices are:

1. Maestro cochlear implant system by Med El (medical electronics)=/p>
2. Nucleus System by Cochlea=
3. Advanced Bionics

It seems that his surgeon=has some relationship with one of the company/device so we are just trying=to be better informed.

Do you know anyone who co=ld recommend which one of these three?

Should I contact your guy=(below).

Jee – I think that =oody was commenting thee same devices?

Thank you

Boris
