Lesley;

I have a landscape =esigner that I have contacted to come over and visit LSJ. He was =ecommended by Rich Cortese. His company does the Westin St John =nd some other islands in the area.

He is =available to come down Wed. morning, 9:30 -11:00

He will be:

- * Looking at landscaping
- * Looking at dying plants around the owners room and =uggesting the correct plant material
- * Developing proposals for future maintenance =ograms.

They will be flying =ver from St John by helicopter . Is there a way to get permission for =im to land on the island.

Thanks;
Craig
