Ok, why is there no dollar figure? ,

Sorry for all the typos .Sent from my iPhone

we will need a resupply of heavy material on monday to continue with the following projects
five palms
grotto
sundial
flag pool road
triangle

tom estimates over the course of the next three weeks we will use 250 tons combined of heavy material

I have spoken to Rich and he agrees we should draw and pay for material on a, as we require bases for each project

the above amount does not include

new engineering pad
front entrance
electrical duck bank to five palms
guest house beach 3

can we resupply monday, an continue on in the future with resupply on, "as required bases".
