Jeffrey tells me you would like to go on the set.

By coincidence, my beloved niece Mattie Siegal is a production assistant on this film and director James Gray and producer Greg Shapiro gave her the job. They have invited me to the set and you can absolutely come with me.

Mattie and Greg are organizing it...I will call you tomorrow (on a plane from LA) of definitely Tuesday.

Mattie has the shooting schedule. We want to go when talent is working and we will not be in the way. I will call Greg Tuesday too.
