I think they have taken off with all the men you tried to set me up with...= ;)

I have been out once to a place on the beach with [REDACTED], and Matt arrived looking unbelievably gorgeous...but...with a girlfriend. He was so excited to see me and didn't stop hugging me and she got a little upset. He was my whole plan.... So I apologize if I was focused on trying to end my 16 months of celibacy instead of girls.
