The only short EUR exposure we have is the 1.3075 EUR Put with a knock out at =.2450. We spent \$100K in premium. Unwind bid is at \$85K. We made \$=0K on the first tranche.

=span style="font-size:11.0pt;font-family:"Calibri","sans-serif">Let me know if you would like to unwind it.

<=span>

I personally like hav=ng it on as Europe remains the big headwind and it is nice having this on =s a hedge to our other positions. Your call.
